

MADINI MISHRA

AI / ML ENGINEER · GENAI · GRAPHRAG Open to opportunities

23csu186@ncuindia.edu | +91 98119 96748 | linkedin.com/in/madini-mishra | github.com/madinimishra | leetcode.com/u/MadiniMishra

B.Tech CSE (AI/ML) undergraduate building intelligent, production-grade systems — from a GraphRAG-powered hospital knowledge platform to reinforcement-learning traffic control. Hands-on across the full stack: Python/FastAPI backends, React frontends, and applied GenAI (RAG, LLMs, agent workflows). AIML Intern at Daffodil Software; SIH 2025 participant.

TECHNICAL DNA

AI/ML
Machine Learning, RAG, LLMs, Computer Vision, Reinforcement Learning

LANGUAGES
Python, Java, C, C#, TypeScript

DEVELOPMENT
React, .NET, FastAPI

DATA
SQL, MongoDB, Pandas, NumPy

TOOLS
Git, Docker, FAISS, FalkorDB, Redis

TECHNOLOGY → EVIDENCE

Python	→ MedGraph AI · TrafficIQ · Checkify · AI/ML coursework
RAG	→ MedGraph AI (Graph RAG) · GenAI internship work at Daffodil Software
FastAPI	→ MedGraph AI — REST APIs over a hospital Knowledge Graph
FalkorDB	→ MedGraph AI — stores & queries the medical Knowledge Graph
React	→ MedGraph AI · Quick Bite · Personal Portfolio
Computer Vision	→ TrafficIQ — OpenCV + OCR for real-time vehicle detection
Reinforcement Learning	→ TrafficIQ — adaptive traffic signal optimization
Flask	→ Checkify · Personal Portfolio · Daffodil Software internship

EXPERIENCE

- AIML Intern** — Daffodil Software Private Limited Jun 2025 – Jul 2025
- Designed and implemented AI-driven solutions using Python and Generative AI techniques, automating data processing workflows and improving analytical efficiency.
 - Applied AI/ML fundamentals and DSA while collaborating with mentors to build, debug, and optimize software in an Agile environment.
 - Built and enhanced full-stack web applications using React, JavaScript, Flask, and Python — hands-on across frontend, backend, and API development.
- Social Media Head** — Quantum Computing Club, The NorthCap University Mar 2026 – Present
- Managed and scheduled content to grow the club's online presence and engagement.
 - Tracked performance analytics and optimized strategy to improve audience reach.
 - Coordinated with the club team to promote events, workshops, and technical activities.

PROJECTS

- MedGraph AI** — Hospital Knowledge Management System (Graph RAG) 2026
Python · FastAPI · PostgreSQL · FalkorDB · Graph RAG · LangChain · React · JWT · Docker
- Built an enterprise hospital knowledge system integrating structured relational data with a Knowledge Graph for semantic retrieval and intelligent querying.
 - Designed a Knowledge Graph connecting hospitals, departments, doctors, patients, appointments, and records, with secure REST APIs and scalable backend architecture.
- TrafficIQ** — Smart Traffic Control System 2025
Python · Reinforcement Learning · OpenCV · OCR · Data Pipelines
- Built an RL-based system to optimize traffic signal timings from real-time traffic density.
 - Integrated OpenCV, OCR, and IoT sensor data to detect vehicles and improve flow efficiency.
- Quick Bite** — Ordering Platform 2025
React · JavaScript · TypeScript · HTML/CSS

 - Zomato/Swiggy-style ordering platform with real-time browsing, cart, and secure checkout.
 - Built responsive UI and REST APIs for product, user, and order management.

Checkify — Academic Auth Validator 2025
Python · Pandas · NumPy · MySQL · Flask

 - ML-based system to validate academic certificates and flag fraudulent documents.
 - Flask backend with a user-friendly verification interface.

ACADEMIC DETAILS

COURSE	INSTITUTION	CGPA / %	YEAR
B.Tech CSE (AI/ML)	The NorthCap University, Gurugram, Haryana	8.05 / 10.00	2027
Class XII	Sharda International School, Gurgaon, Haryana	7.72 / 10.00	2023

CERTIFICATIONS

- Smart India Hackathon (SIH) 2025** — University Level Participant
Ministry of Education, Govt. of India
- Python Programming Language** — Ducat Training Centre
- GenAI Powered Data Analytics — Job Simulation** — Forage
- Artificial Intelligence Fundamentals** — IBM SkillsBuild
- Intro to NLP Concepts** — Microsoft Learn

PROFESSIONAL SKILLS

- Problem-Solving
- Team Collaboration
- Communication
- Adaptability
- Time Management
- Critical Thinking
- Public Speaking
